Easy track

Starting from Tahune Adventures at the end of Arve Road, Geeveston, this walk takes you along the Tahune AirWalk, a spectacular treetop walkway. Built amongst the treetops in the Huon River Valley, the Tahune AirWalk takes you high above the forest canopy. This stunning treetop walkway gives you a bird's-eye view of the forest as you walk 20 to 30 metres above the forest floor. After crossing both the Picton and the Huon rivers by two swinging bridges, the journey concludes at a spectacular cantilevered platform sitting 50m above the riverbank, offering breathtaking views that extend to the mountains of the Tasmanian Wilderness World Heritage Area. Continuous safety fencing ensures that there's no risk of falling, and the AirWalk has been designed to withstand cyclone-strength winds. A moderate level of fitness is needed to ascend the 112 concrete steps to the top of the walk. There is alternate ramp access to the top of the walk if you would prefer. Dogs are welcome in the reserve if kept on a leash. At the Visitor Centre, there's a café with gas barbecues and picnic facilities. Let us begin by acknowledging the Traditional Custodians of the land on which we travel today, and pay our respects to their Elders past and present.
