Starting from the end of Mount George Road, Mount George Conservation Park, this circuit walk takes you to the summit of Mount George via the Ridge Trail. Gate 5 in the wired fence is located next to a shed. Walk through the gate to start your walk. There's plenty of wildlife in the park, so be on the lookout and see what you can spot. There's a lookout near the summit with views over the area. There are some rocky sections and narrow tracks along the way. This hike has a gentle gradient, clear signage and mostly well-formed tracks, suitable for most ages and fitness levels. Let us begin by acknowledging the Traditional Custodians of the land on which we travel today, and pay our respects to their Elders past and present.
